

Valencia Falls Computer & Technology Club 16th Annual Brunch

BAGELS AND.....

Topic To Be Announced

Speaker: The Google Professor (Rob Fellman)

DATE: Sunday, February 18, 2018

TIME: 10:00 AM - NOON

LOCATION: Social Hall

COST: \$5.00 for 2018 members; \$10.00 for non-members

We usually post our Annual Brunch topic by this time. However with technology moving and changing at warp speed, we must wait until October 15 to post a timely topic for our February 18 Annual Brunch. You are welcome to renew or register your 2018 membership which is good from now until the end of 2018 and then register for the 2018 Annual Brunch using this form. It is OK if you want to wait until after October 15 but since this event has been sold out for each of the last ten years, you risk being a little hungry if you wait.

Rob Fellman is the perfect complement to our delightful Annual Sunday Brunch. As our Keynote speaker, he manages to entertain us while conveying a great understanding of our current technology in an easily understandable manner. Please spread the word to your friends and neighbors about our brunch and our speaker and have them get their reservations in early; especially since we are usually sold out months before the event. For more details about the Google Professor, go to www.pcprofessor.com.

Please complete the bottom portion of this flyer and place in the VFC&TC slot with a check made payable to Valencia Falls Computer and Technology Club. For more information, contact Jerry: ljrokoff@bellsouth.net, Eileen: eilern@att.net, Marti: martibdecker@gmail.com, Pablo: pablosusy@yahoo.com, Sheila: sbigel@gmail.com or Sam: wexler@ariesmart.com.

VF COMPUTER & TECHNOLOGY CLUB 16th ANNUAL BRUNCH: SUNDAY FEBRUARY 18, 2018
COST: \$5.00 for 2018 members; \$10.00 for non-members

Please make check payable to: Valencia Falls Computer & Technology Club and place it in the VFC&TC slot in the clubhouse by February, 14th. RSVP's a must; sorry no refunds and no walk-ins can be accommodated the day of the brunch. Limited to the first 150 responders and then we will start a waiting list like prior years.
