*Time: 7:00 P.M.*

*Place: Social Hall*

For more information Sam: [wexler@ariesmart.com](mailto:wexler@ariesmart.com) or Eileen: [eilern@att.net](mailto:eilern@att.net)

### Agenda

- \* Q&A: Questions from the floor on any computer or technology topic
- \* Club Business: Subjects for future meetings, classes, workshop status...
- \* Presentation: If It's Connected, It Needs to be Protected!

We will learn the latest information on why and how things that connect to the internet need to be secured and protected. This presentation will cover: Computers (Windows and Mac), Tablets, Cell Phones and the IoT (Internet of Things). Join presenter Bob Gostischa as he explains the current dangers that face us on a daily basis. He'll also share what he uses to keep his computers, smart devices and other connected things that are a part of the IoT.

Norbert "Bob" Gostischa, after a successful career in banking, enjoys his retirement as an IT security expert, most notably for Avast Software. Avast is the creator of avast! antivirus software. The Avast website has a discussion and help forum, where Bob has been helping with security-related and general computer issues since 2004. He has contributed over 35,000 forum interactions. Avast Antivirus is currently the most used antivirus software in the world. Avast has been making security software for over 25 years and has more than 400 million users worldwide.

**After his presentation, Bob will help give away  
\$3,000 - \$4,000 in free prizes to lucky club members.**
